

# WET WEATHER MARS ANNUAL CIVIC HOLIDAY

Police Sports, Ball Games and Other Events in City Called Off—  
Excursionists go to Wabamun Where Regatta Takes Place—  
Commercial Travellers Hold Picnic at Innisfree

Wet weather shattered the hopes of thousands of civic holiday-makers in Edmonton and vicinity yesterday. The rain started with the thunderstorm on Sunday night, but the majority of the citizens, ever of an optimistic turn of mind, went to bed in the fond expectation that the weather man was merely in a tantalizing mood, and that in the morn the sun would shine forth from the cloudless sky.

But with the daylight came leaden skies and scattered showers, and although the rain clouds did not exert themselves very much before noon, they made up for it in the afternoon, the rain falling pitilessly and unceasingly. It was soon seen that picnics and sports of all kinds were out of the question in the city and the annual police sports at the exhibition grounds, the cricket game between Jasper Place and the 19th Dragons, the ball game between Edmonton and Moose Jaw, and other enjoyable functions of a similar nature, were all called off. Similar weather conditions prevailed at Wabamun Lake, where it had been intended to hold the annual regatta, and where the Edmonton Council of Knight of Columbus had arranged to hold a picnic.

The most fortunate people of all were those who joined the U. C. T. picnic to Birch Lake. There were slight showers during the afternoon, but they were not sufficient to mar the details of the picnic, and the program was carried out in all its details.

The wet weather helped to swell the coffers of the local theatres during the afternoon and evening, all the places of amusement being patronized by large crowds.

## Sports at Wabamun Despite the Rain

The wet weather seriously interfered with the picnic to Lake Wabamun yesterday, although for the regatta and the Knights of Columbus picnic at least 500 persons made the journey out from Edmonton. An extra large contingent of campers was on Saturday also. Had the weather been more favorable, the number of people would have been twice as many as people would have been on the excursion. Going out the special train leaving Edmonton at 4:15 p.m. was not more than half full, but on returning the train was almost filled, the extra coaches being taken off by the wet-cream coaches returning.

**Rain Spells Regatta.**  
The first Wabamun regatta, was spoiled by the rain which fell continuously from shortly after noon until six in the evening. The regatta boats and two of the motor boats were the only ones pulled off the water. The regatta was watched by a small band of spectators standing in the pouring rain. The regatta was a success, constituting a good program of swimming and boat racing, which will be continued on Saturday afternoon.

**Sail Boat Race.**  
There were only two entries for the sail boat race, in which Mr. J. H. MacIntyre and Mr. J. H. MacIntyre were the only two who entered. The course was over a triangle from Wabamun Beach to Davison's point, and thence to Patterson's Bay and home. There was a good breeze, and the boats sailed well. The race was won by Mr. J. H. MacIntyre, who was the only one who finished. The course was a rectangle, with each side of the square 1/2 of about half mile. The boats came in at the final mile.

The most exciting event of the afternoon was the race for all motor boats for the championship of Wabamun Lake. There were five boats started, another one having been added just before the race started. The course was a rectangle, with each side of the square 1/2 of about half mile. The boats came in at the final mile.

## ENGINEER STOOD AT HIS POST AND LOST HIS LIFE

Two Men Killed and Three Injured When Train Runs Into Open Switch

By Bulletin Leased Wire.  
Calgary, July 20.—Two men were killed and three injured last afternoon when a through freight train from Calgary ran through an open switch and collided with a passenger train.

Frederic J. Minnie, engineer of the moving train, remained at his post and was killed. Fred J. Minnie, a British officer and has in addition had considerable training in the Canadian army.

Col. Hughes stated that he did not know of any intention to import a bill to fill the position.

## Commercial Men Picnic at Innisfree

A special train of twelve coaches, carrying seven hundred and fifty people, left the C.N.R. depot in the morning for Birch Lake, in connection with the C.C.T. annual picnic. The train was composed of 12 coaches and automobiles and 1250 covered the crowds to Birch Lake, three miles distant. There was a heavy thunderstorm just before six o'clock, but fortunately by the time the principal events of the program had been run off, the sun came out and the various sports were as follows:

**Open Events.**  
100 yards dash—M. C. Campbell, Mannville, G. S. K. Thompson, three-legged race—J. W. Taylor and J. W. Taylor, 200 yards race, 200 pounds or over—D. Mitchell, W. W. Smith.

**Events Open to Green Men Only.**  
100 yards dash—J. H. MacIntyre, J. H. MacIntyre, 200 yards race, extra—G. N. Campbell, G. N. Campbell, 100 yards race, extra—G. N. Campbell, G. N. Campbell.

**Col. Guatkin Likely to Be Chief of Staff**

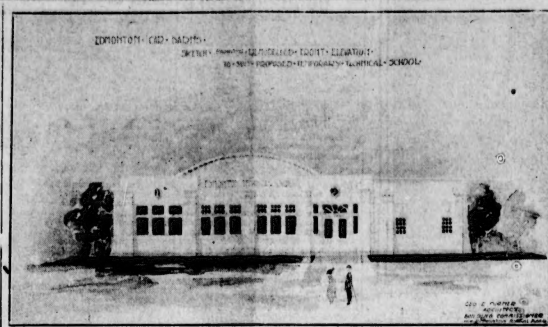

Will Succeed Major General Macleane, Who Had Disagreed With Minister

By Bulletin Leased Wire.  
Ottawa, July 20.—The Ottawa Evening Free Press contains the report that Colonel W. G. Guatkin, who has been appointed to succeed Major General C. J. Macleane, through General Macleane's resignation, has been appointed to succeed Major General C. J. Macleane, through General Macleane's resignation.

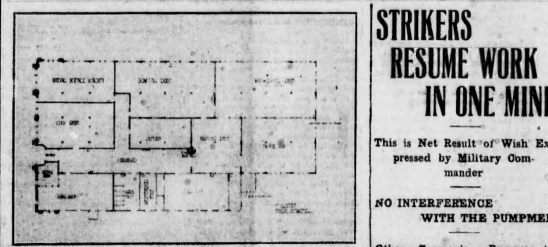

Col. Hughes stated that he did not know of any intention to import a bill to fill the position.

Killed By Lightning.  
Lindsay, Ont., July 20.—In a severe storm on Sunday, August 18, a farmer of Lindsay, Ontario, was killed by lightning.

Lindsay, Ont., July 20.—In a severe storm on Sunday, August 18, a farmer of Lindsay, Ontario, was killed by lightning.

As the old car barn on Synagogue avenue will look after they have been remodelled by the school board for the purposes of a technical school. The surrounding property owners at first strenuously opposed the leasing of the building by the city council to the school board, and a legal action was started to force the property owners to accept the lease. The property owners, however, after a meeting of the school board last week and agreed to withdraw all opposition, provided the school board would lease the building in five years and the city council would enter into an agreement to clear away all buildings on the property at the end of that time, the amount in the meantime to be cleared of all car tracks and other obstructions.

Ground floor plan of the old car barn on Synagogue avenue, showing how the building will be arranged by the school board for technical school purposes.

## City Detectives Engaged Upon Many Curious Cases

Have Spent Hours Upon Research Only to Find Have Been Investigating 'Mare's Nests'—Yarns Have Been Concocted For Utter Purposes

Some very curious cases frequently engage the attention of the members of the city detective department. Hundreds of complaints are registered each month by people who anxiously seek the services of the officers, many of whom are engaged in the investigation of highly colored stories which would put to blush the most ingenious plot ever evolved by the dime novelist. The detectives very often spend hours of research on such cases, only to find in the end that they have been investigating a "mare's nest," in some instances actually proving without doubt that the complainants were either victims of hallucinations or delirious, or else concocted a sensational yarn for their own ulterior purposes.

Detective Mack of the city force, had a case in point a few days ago. A girl came to the office and stated that she had been robbed of a \$250 roll in her boarding house, after going home about 11 o'clock one night. The officer made exhaustive inquiries, and ascertained that only one of the boarding house, home after the complainant that night. All the others stoutly denied all knowledge of the crime, and the officer, after passing through the third degree, could produce no evidence against him. He added to the long list of unproved crimes that have taken place in the city when the complainant left for the west, and after his departure one of the boarding house encounters stated that complainant had informed him that he had not had the money in the boarding house at all, but had been that particular night in a house of ill-fame, where, after indulging in other questionable pleasures, he had participated in a poker game, and the result was that he had lost the money. When the matter was made known to the officer, he was surprised to find that the complainant had been arrested on suspicion, and perhaps even charged with a crime he never committed, in the first place, but if he ever returns to the city, and Detective Mack encounters him, there will be a day of reckoning which will not be any less serious than the first.

**Another Unusual Case.**  
Detective Mack was called to another extraordinary case recently. Two vagabonds were brought to the office.

**Suffragette Arrested.**  
London, July 20.—While King George was inspecting his grand old castle, the suffragette, Mrs. Pankhurst, was arrested on suspicion of being a spy.

**How He Came West.**  
Mr. J. H. MacIntyre, who was born in 1833 and after spending a year in Eastern Canada, came to the west in 1850, and was settled at Ottawa and then at Regina.

# DRAPERS SET OUT MERITS OF THEIR CITIES

Speakers by Representatives to  
Real Estate Convention Big  
Feature of Gathering

## THIRTY ALREADY HAVE BEEN HEARD FROM

Cleveland and Springfield Representatives Share Honors up to Present

By Bulletin Leased Wire.  
Winnipeg, July 20.—The first day of the eighth annual convention of the national association of real estate exchangers ended, a whirl of gaiety, the vast convention hall being packed to the doors with an audience of close to 3,000 people. There is no mistake in the success of the convention which will be held in the city of Winnipeg and in cities represented, last year's convention held in Louisville. The morning session was devoted to formal addresses of welcome which were carried out according to the official program, with the exception that Sir Horace Plunket did not appear, due to illness.

**Feature of Convention.**  
In the afternoon the critical contest of the day being the election of officers of the convention. All exchanges who are members of the association put up one speaker, who is allowed five minutes in which to address the convention and must speak on the subject of the city and local exchange. The trophy goes to the winner.

The entire afternoon was occupied with such speeches, some of them being of a high order, 80 or about 20 speeches have been delivered with 20 to be heard. A. H. Bouding of Cleveland and H. A. Kiesel of Springfield.

**Emphasizes Merits of Regina.**  
A. H. Bouding continued himself to a straight platformed address emphasizing the importance of the city of Regina and as the centre of the province and commercial life of the province and last night speech in which he brought out the fact that Saskatchewan had grown from nothing in the short space of ten years to one of the most thriving cities on the plains. The speaker, however, was not finished, and enlarged upon logically and convincingly.

**Plat Against King.**  
London, July 20.—According to the Daily Sketch, the police have resolved information of a suffragette plot against King George.

**Alberta's Agent-General J. A. Reid**

# BOMB DROPPED BY AEROPLANE DESTROYS SHIP

Aviator Made Three Flights Before He Accomplished His Object

## NO REPORT OF SIMILAR FEAT

Attempts to Damage Ports in  
Some Way Met With Indifferent Success

By Bulletin Leased Wire.  
Nogales, Ariz., July 20.—The Mexican federal mail steamer "Cruz Roja" was destroyed today by a bomb dropped from an aeroplane over Guaymas harbor, declares an official insurgent message.

It was said that Aviator Mazon made three flights over the harbor before he succeeded in hitting the boat.

While it was reported during the Italian-Turkish war that a war vessel was sunk by a bomb dropped from an aeroplane, the report was never confirmed.

There is said to be no other report a similar feat on record, although the report is being repeated in military camps during the Italian-Turkish war.

At a meeting of the city council tonight the commercial bureau was instructed to attempt to damage the ports and ships of the Mexican army and navy at Guaymas but not to attempt a similar success.

**BRANDON IS HIT HARD BY STRINGENCY**

All Municipal Work Has Been Closed Down and 300 Men Discharged

By Bulletin Leased Wire.  
Brandon, July 20.—Owing to the financial stringency the city council has closed down all municipal work and discharged 300 men.

At a meeting of the city council tonight the commercial bureau was instructed to attempt to damage the ports and ships of the Mexican army and navy at Guaymas but not to attempt a similar success.

There is said to be no other report a similar feat on record, although the report is being repeated in military camps during the Italian-Turkish war.

## Ministers Working In Shirtsleeves

Hot Weather Prevails at Ottawa—Five Members of Government There

By Bulletin Leased Wire.

Ottawa, July 20.—The administration of the affairs of the Dominion of Canada is today being directed by five men in their shirtsleeves. The cabinet members are no immune from the heat, and a round of the departments has been closed for the day. The five men who are in the capital had at work in their shirtsleeves.

They were Hon. G. H. Pelly, acting premier, Col. Sam. Hughes, Hon. J. H. MacIntyre, Hon. J. H. MacIntyre, Hon. J. H. MacIntyre, Hon. J. H. MacIntyre.

The heat of the cabinet is distributed throughout the country from London to Dawson being rest.

Mid Canada Colours and Families to spend ten days at St. Ours, Quebec, at the summer home of Hon. J. H. MacIntyre.

Hon. T. W. Crotcher, minister of labor, reached St. Thomas this morning from the west and will return to the capital at an early date.

## THIS MORNING'S NEWS

FOOTBALL  
BASEBALL  
THE TURFUNITED STATES SUCCESSFUL  
IN LIFTING FAMOUS DAVIS CUPMcLoughlin Defeated Dixon, Winning Singles Match Necessary to  
Capture Trophy—Parker Defeated Williams, Making Count  
Three Matches to Two

By Bulletin Leased Wire.

Wimbledon, Eng., July 18.—World supremacy in lawn tennis rests with the United States. The struggle for the Doherty & Davis trophy, emblem of the international tennis championship, ended today on the Wimbledon courts in a victory for the U. S. when Maurice E. McLoughlin, the American singles champion, met and defeated three sets to love, Charles F. Dixon, the veteran English player. The score was 3-6, 4-3, 6-2.

The rules of the cup contest called for the best three in five matches of the Americans previously having taken a match each in the singles and doubles, were the winners of the coveted trophy when Dixon went down before McLoughlin. The score by matchers then being: United States, three; Great Britain, one. The Britishers had gained their only point when C. F. Parker, the Irish player, won a match in the doubles from McLoughlin last week.

Official Score 3 to 2.

The official score of the tournament, however, will read United States 5, Great Britain 3. The McLoughlin-Dixon match today, J. Morris Williams, of Philadelphia, defeated Fred Johnston, of London, the Irishman winning after five sets, 6-2, 5-7, 5-7, 6-4, 6-2. The Davis cup now goes back to the land of its donor after the most interesting fight for its possession in history. It first left home in 1903. The victory of the Americans today will be all the more memorable because it was the first in the history of the cup that seven countries, including Great Britain, Australia, South Africa, Germany, France and Canada, entered in elimination matches for the honor of challenging the British holders. Despite his loss of a match in singles to Parker last Friday, McLoughlin is generally given the credit for lifting the cup. The dazzling, daring play of the Californian and his sportsmanlike attitude during the tournament, so endeared him to the British followers of the game that, in spite of the keen disappointment at the loss of the cup, the crowd that witnessed today's crucial match last Saturday, by spontaneous applause, was Californian.

**Doubles Settled.** The British lane captain has not been optimistic that they would retain the trophy after McLoughlin and Harold H. Gault won the doubles match from Dixon and J. L. Rogers Barrett last Saturday, but were confident that Dixon would make a supreme effort to defeat McLoughlin today and thereby permit the local players to draw even with the challengers in the doubles matches won.

**Defence Broken Down.** The veteran English player made the effort, putting all the fitness and energy which he could muster into the fight, but his youthful opponent, after the first set broke down his defence. The American was evidently first to over-exhaust because of the necessity of the long run in the opening set and the loss of one of his service games and inaccurate play gave the English player, after lead to make a device set before victory.

E. P. A. A. ATHLETIC  
MEET POSTPONED

The annual athletic meet of the Edmonton Athletic Association has been postponed until Saturday afternoon, because of the rain. The track at the exhibition ground was inches deep in mud yesterday afternoon, and in view of the unfavourable weather conditions it was decided to postpone the meet until Saturday afternoon when the program will be run off as scheduled for 3 o'clock. A small crowd was on hand at 2 o'clock yesterday when the gates were closed to commence but there is certain to be a much larger attendance Saturday if weather conditions are more favourable.

Official Score 3 to 2.

The official score of the tournament, however, will read United States 5, Great Britain 3.

The McLoughlin-Dixon match today, J. Morris Williams, of Philadelphia, defeated Fred Johnston, of London, the Irishman winning after five sets, 6-2, 5-7, 5-7, 6-4, 6-2. The Davis cup now goes back to the land of its donor after the most interesting fight for its possession in history. It first left home in 1903. The victory of the Americans today will be all the more memorable because it was the first in the history of the cup that seven countries, including Great Britain, Australia, South Africa, Germany, France and Canada, entered in elimination matches for the honor of challenging the British holders. Despite his loss of a match in singles to Parker last Friday, McLoughlin is generally given the credit for lifting the cup. The dazzling, daring play of the Californian and his sportsmanlike attitude during the tournament, so endeared him to the British followers of the game that, in spite of the keen disappointment at the loss of the cup, the crowd that witnessed today's crucial match last Saturday, by spontaneous applause, was Californian.

**Peasbolic Outlook.** British followers of tennis are depressed over the possibility of recovering the cup and freely predict that it will remain in the hands of the Americans at least five years, as there are no young players in sight to take the places of the veteran experts of whom Parker, the youngest, is over thirty years. The exhibition match won by Parker over Williams was rather tame, notwithstanding their return home with a halcyon ascension and the Quakers took the first of the series by a score of 3 to 2.

The game was called in the last of the ninth with the score standing 16 to 4 and the Hat with two men on.

Perhaps the outstanding feature of the game was the awful manner in which Harrier's squad hammered the Hats from many Schaefer. Fifteen hits in five minutes and then Dunn replaced him. It was the first red warning flag he has received since his entry into the league.

What might be termed a feature to was "Empire Taylor's" decision. He was a little off color and the players actions towards him helped to excite the fans. The several policemen surrounding him as the game ended saw him from the outer rosters. The local team played fifteen half an hour with the Quakers and had claim whistler on the game. Church picked fair ball and was given first support.

The McLoughlin-Dixon match today, J. Morris Williams, of Philadelphia, defeated Fred Johnston, of London, the Irishman winning after five sets, 6-2, 5-7, 5-7, 6-4, 6-2. The Davis cup now goes back to the land of its donor after the most interesting fight for its possession in history. It first left home in 1903. The victory of the Americans today will be all the more memorable because it was the first in the history of the cup that seven countries, including Great Britain, Australia, South Africa, Germany, France and Canada, entered in elimination matches for the honor of challenging the British holders. Despite his loss of a match in singles to Parker last Friday, McLoughlin is generally given the credit for lifting the cup. The dazzling, daring play of the Californian and his sportsmanlike attitude during the tournament, so endeared him to the British followers of the game that, in spite of the keen disappointment at the loss of the cup, the crowd that witnessed today's crucial match last Saturday, by spontaneous applause, was Californian.

**Peasbolic Outlook.** British followers of tennis are depressed over the possibility of recovering the cup and freely predict that it will remain in the hands of the Americans at least five years, as there are no young players in sight to take the places of the veteran experts of whom Parker, the youngest, is over thirty years. The exhibition match won by Parker over Williams was rather tame, notwithstanding their return home with a halcyon ascension and the Quakers took the first of the series by a score of 3 to 2.

The game was called in the last of the ninth with the score standing 16 to 4 and the Hat with two men on.

Perhaps the outstanding feature of the game was the awful manner in which Harrier's squad hammered the Hats from many Schaefer. Fifteen hits in five minutes and then Dunn replaced him. It was the first red warning flag he has received since his entry into the league.

What might be termed a feature to was "Empire Taylor's" decision. He was a little off color and the players actions towards him helped to excite the fans. The several policemen surrounding him as the game ended saw him from the outer rosters. The local team played fifteen half an hour with the Quakers and had claim whistler on the game. Church picked fair ball and was given first support.

By Bulletin Leased Wire.

Medicine Hat, July 18.—Medicine Hat's recent string of victories received too much for them and they celebrated their return home with a halcyon ascension and the Quakers took the first of the series by a score of 15 to 3.

The game was called in the last of the ninth with the score standing 16 to 4 and the Hat with two men on.

Perhaps the outstanding feature of the game was the awful manner in which Harrier's squad hammered the Hats from many Schaefer. Fifteen hits in five minutes and then Dunn replaced him. It was the first red warning flag he has received since his entry into the league.

What might be termed a feature to was "Empire Taylor's" decision. He was a little off color and the players actions towards him helped to excite the fans. The several policemen surrounding him as the game ended saw him from the outer rosters. The local team played fifteen half an hour with the Quakers and had claim whistler on the game. Church picked fair ball and was given first support.
